She's back to General Hospital and she's rockin'! We speak, of course, of Finola Hughes (Anna Devane) who is once again impacting Port Charles with wit, wisdom, and sheer forcefulness.

In today's episode (read with caution -- contains scoopage!), Duke (Ian Buchanan) and Mac (John J. Yord) discuss their respective relationship woes, while Anna (Finola Hughes) and ...

...Felicia (Kristina Wagner) do the same. Felicia confides in Anna that she's been thinking about Frisco (Jack Wagner), and has dug out their old wedding photo. Anna confesses that she too has taken that same trip down memory lane. They each believe they should move on, but their past loves seem to have a powerful hold on these ladies. Has Duke blown his last chance with Anna, or will he find reason to hope?

You can ask Finola Hughes herself today when she tweets live during the east coast airing of General Hospital, 2:00-3:00 PM Eastern. Just submit your tweet using hashtag #askgh.

But not to worry if you miss it. Soapdom will have a recap later today.

General Hospital celebrates its 50th anniversary on April 1, 2013. #GH50.
