### CLARKE SCHOOL-NEW YORK

Clarke School–New York is one of five schools of the renowned Clarke School for the Deaf. Our New York professionals work with families and young children in our vibrant parent/infant, toddler and preschool programs. Advances in hearing aid and cochlear implant technology coupled with a Clarke education allow deaf and hard of hearing children to achieve success on par with their hearing peers. Today, Clarke is working with more than 10,000 children and adults annually through our educational programs, professional training, curriculum development, research and support to mainstream schools.
