Briefing takes over.

Attention B&B Fans -- Pre-emption Alert:

The Bold and the Beautiful will be preempted on the East Coast today, Tuesday, March 25 due to CBS News coverage of the Pentagon Briefing.

A B&B classic episode from January 8, 1991 featuring Brooke and Eric's wedding will air in its place on the West Coast! The original episode previously scheduled for today, will now air tomorrow, Wednesday, March 26, 2003 on both coasts.

As a result, Jack Wagner's (Dominick) first episode is pushed one day. He will now begin airing Friday, March 28, 2003 -- without any further pre-emptions.
