Here's the thing. I've been on Twitter for over a year. That makes me a veteran Twit, I guess -- a rather dubious distinction, right? LOL But there never seems to be enough time for me to tweet much. Still, that didn't stop me from tracking down a bunch of past and present soap stars and/or soap opera affiliated tweeters for you to follow.

We believe that these are the real

people. But when it comes to celebrities, always take social networking with a grain of salt.

Tweet away and have fun! We'll add more as we go. If you have a tweeter you think we all should be following, [contact us](#) and we will add them here!
